

Your Teacher Kazu Sensei

About me :

What I try to do during the class is to give students plenty of opportunities to talk about themselves and get to know their classmates. And I try not to explain grammar as it is, but to give concrete examples that are easy for students to understand.

Fun Facts :

- Married to a Singaporean since 2022
- Love cats, and often go to cat cafes.
- Love reading books, especially social science.
